## **Moline Foundation Announces a \$100,000 Community Endowment Challenge!**

For more than 68 years The Moline Foundation has partnered with local non-profits, community organizations, families, and individuals to fulfill their philanthropic dreams. With \$38 Million allocated since 1953, our generous donors have created a legacy of caring for their neighbors and our community.

The purpose of this challenge is to help create and grow endowment funds which will serve our community needs into perpetuity.

Any organization with a current endowment partner fund or wishing to establish a new fund with The Moline Foundation is eligible.

- The match is 2:1 meaning for every two dollars an organization raises in endowment funding they will receive one from The Moline Foundation.
- Minimum match funds available per organization is \$5,000 with a maximum of \$25,000.
- Organizations must be established and serve residents within one of the six (Henderson, Henry, McDonough, Mercer, Rock Island, Warren) Illinois counties or Scott County, Iowa.
- Places of Worship and Hospitals are not eligible.
