

SHERRARD SPECIAL EDUCATION FUND FOR COMMUNITY EXPERIENCES

[Donate Here](#)

To assist with expenses related to field trips and vocational activities for Junior/ Senior Special Education students enrolled at Sherrard Junior/Senior High School

Donna Gresch taught for 35 years and is a retired Special Education Teacher of the Sherrard School District.

Donna and her husband, Danny created a fund to benefit Sherrard Junior/ Senior High School Special Education Students, assisting them with opportunities for field trips and vocational activities. Special Education teachers meeting the requirements of the fund, can request a grant once per semester.

Students learn life skills such as how to read a recipe and plan/ make a meal, including creating a budget and shopping for groceries. They also learn how to order and pay for a meal, along with calculating tips when visiting a restaurant.

Donna saw the need for Special Education Students to be exposed to opportunities outside the classroom and creating this fund offered her the opportunity to give back to those she held so dear.
